 on behalf of NCB-GATE, for MoE

75d2f6ef30a5b778a06e5d4c8794448a

\* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

Organising Institute: Indian Institute of Technology Kharagpur

## General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_g + (S_t - S_g) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M<sub>q</sub> is the qualifying marks for general category candidate in the paper

M<sub>t</sub> is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

S<sub>g</sub> = 350, is the score assigned to M<sub>q</sub>

S<sub>t</sub> = 900, is the score assigned to M<sub>t</sub>

In the GATE 2022 score formula, M<sub>q</sub> is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Geology and Geophysics (GG) Humanities and Social Sciences (XH)	Separate score and ranking provided based on selection of optional section
Architecture and Planning (AR) Geomatics Engineering (GE) Engineering Sciences (XE) Life Sciences (XL)	NO Separate score and ranking provided based on selection of optional section

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

128910f4f34535d8dade1c49a2e75f6b

\* Normalized marks for Civil Engineering (CE), Computer Science and Information Technology (CS) and Mechanical Engineering (ME) Papers.

\*\* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

$M$  is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

$M_q$  is the qualifying marks for general category candidate in the paper

$\bar{M}_t$  is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$ , is the score assigned to  $M_q$

$S_t = 900$ , is the score assigned to  $\bar{M}_t$

In the GATE 2021 score formula,  $M_q$  is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

**Codes for XE and XL Paper Sections (compulsory section and any other two sections)**

## General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

$M$  is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

$M_q$  is the qualifying marks for general category candidate in the paper

$M_t$  is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$ , is the score assigned to  $M_q$

$S_t = 900$ , is the score assigned to  $M_t$

In the GATE 2022 score formula,  $M_q$  is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Prof. B. R. Chahar

Organizing Chairman, GATE 2020  
(on behalf of NCB - GATE, for MHRD)

\* Normalized marks for Civil Engineering and Mechanical Engineering Papers

\*\* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

4d60bbe3a4651d4ea49158c903b94d2d

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is  $\mu + \sigma$  or 25 marks (out of 100), whichever is greater, where  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

$M$  is marks (out of 100) obtained by the candidate in the paper

$M_q$  is the qualifying marks for general category candidate in the paper

$\bar{M}_t$  is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$ , is the score assigned to  $M_q$

$S_t = 900$ , is the score assigned to  $\bar{M}_t$

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of  $j^{th}$  candidate in the  $i^{th}$  session  $\hat{M}_{ij}$  was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti}^g - M_{iq}^g} (M_{ij} - M_{iq}^g) + M_q^g$$

where

$M_{ij}$  is the actual marks obtained by the  $j^{th}$  candidate in  $i^{th}$  session

$\bar{M}_t^g$  is the average marks of the top 0.1% of the candidates considering all sessions

$M_q^g$  is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

$\bar{M}_{ti}$  is the average marks of the top 0.1% of the candidates in the  $i^{th}$  session

$M_{iq}^g$  is the sum of the mean marks and standard deviation of the  $i^{th}$  session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

\* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

Organising Institute: Indian Institute of Technology Kharagpur

## General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_g + (S_t - S_g) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M<sub>q</sub> is the qualifying marks for general category candidate in the paper

M<sub>t</sub> is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

S<sub>g</sub> = 350, is the score assigned to M<sub>q</sub>

S<sub>t</sub> = 900, is the score assigned to M<sub>t</sub>

In the GATE 2022 score formula, M<sub>q</sub> is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Geology and Geophysics (GG) Humanities and Social Sciences (XH)	Separate score and ranking provided based on selection of optional section
Architecture and Planning (AR) Geomatics Engineering (GE) Engineering Sciences (XE) Life Sciences (XL)	NO Separate score and ranking provided based on selection of optional section

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

\* Normalized marks for Civil Engineering (CE), Computer Science and Information Technology (CS) and Mechanical Engineering (ME) Papers.

\*\* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

$M$  is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

$M_q$  is the qualifying marks for general category candidate in the paper

$\bar{M}_t$  is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$ , is the score assigned to  $M_q$

$S_t = 900$ , is the score assigned to  $\bar{M}_t$

In the GATE 2021 score formula,  $M_q$  is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

# PUBLIC SERVICE COMMISSION, WEST BENGAL

161-A, S.P. MUKHERJEE ROAD, KOLKATA - 700 026

No. 859 P.S.C. / Con. - IIA.

From : Shri H. Mukherjee,  
Assistant Secretary,  
Public Service Commission, West Bengal

Kolkata, the 14th February, 2019.

To : Shri/Smt -- SAHARUKH DALAL  
Roll No -- 1103877

Sir / Madam,

In connection with your candidature in (C.E. Branch) Jr. Engrs. (Civil / Mech / Elec) Rectt. Exam, 2017, I am directed to request you to appear before the Commission for a Personality Test to be held at the Commission's Office ( 4th floor ) at 161-A, S.P. Mukherjee Road, Kolkata - 26 (near Tollygunge Railway Bridge) on the Thursday 16 May 2019 at 11:00 A.M.

2. You are requested to present yourself at the Waiting Room (3rd Floor) positively at 10:30 A.M. on the scheduled date. In case of any difficulty, please contact the undersigned.

3. You are requested to bring with you the following documents in original ( along with self certified/attested copies ) on the date of your Personality Test for verification:

- (A) Madhyamik or equivalent certificate as evidence of age.
- (B) Certificates or all Mark-Sheets of Diploma in Civil Engineering from State Council for Engineering and Technical Education, West Bengal or its equivalent.
- (C) Certificates and Mark-Sheets of all other examinations passed.
- (D) Scheduled Caste / Scheduled Tribe / Backward Class / Disability Certificate from appropriate authority ( applicable only in case of candidates belonging to Scheduled Castes / Scheduled Tribes / Backward Classes/ Persons with disabilities ).
- (E) Non-creamy layer certificate issued not earlier than 1st April, 2018 (applicable only in case of candidates belonging to BC-A/BC-B category).
- (F) Experience Certificate of continuous practice as the employee of the Central Government or the State Government or Government Undertaking or Statutory Body, recognized for the purpose by the State Government (applicable only in case of candidates claiming for relaxation of upper age limit ).
- (G) Affidavit regarding any discrepancy in Name/Father's name etc. in the Certificates or other relevant documents.
- (H) Two copies of passport size photographs identical with the one uploaded during online application and original of any proof of identity bearing photograph like Epic / AADHAR card / PAN card / Driving License etc.
- (I) Duly filled in and signed Choice-Sheet.

4. If you fail to produce any of the required original certificates for verification before the Personality Test, you will not be interviewed by the Commission and your candidature for the above examination will be cancelled by the Commission straightway. In case you do not appear at the Personality Test it will be presumed that you are not interested in this matter and as such your case will be passed over without making any further reference to you.

5. Please note that request for change of date of the Personality Test will not be entertained. No travelling allowance will be paid for any journey that may be undertaken in this connection.

6. You are being called for the Personality Test provisionally subject to verification of your eligibility and suitability for the examination in all respects in terms of the rules of the examination.

Yours faithfully,

Assistant Secretary,  
Public Service Commission, West Bengal.

Sub: Offer of admission to the Post Graduate Programme in Advanced Construction  
Management at Hyderabad (Shamirpet) Campus (2018-20 Batch).

Dear Candidate,

With reference to your application and participation in the 'Selection Process for Admission to the Post Graduate Programme 2018', we are pleased to inform you that you have been selected for admission to the Post Graduate Programme in Advanced Construction Management (PGP ACM) 2018-20 at Hyderabad (Shamirpet) Campus.

The offer of admission is subject to:

1. Verification of your graduate degree and all other records (in original) on the basis of which this offer of admission will be validated (including eligibility).
2. The admission will stand cancelled if any of the documents or declarations submitted by you are found incorrect or false.
- In case, of a carryover backlog/ATKT, you may secure the admission and join the course. However, you are required to clear the backlog in the specified time given by NICMAR. Any candidate failing to clear the backlog will have to discontinue the PGP (ACM) course at NICMAR.
- You have to confirm your admission by making the payment of the 1st installment of fees in advance for the academic year beginning from July 16, 2018, on or before **18th May, 2018**. The details of fees are as follows:

Details	Amount
a. Tuition Fee	Rs. 2,25,000/-
b. Admission Fee	Rs. 20,000/-
c. GST @ 18% on (a + b)	Rs. 44,100/-*
d. Refundable Deposit	Rs. 3,000/-
<b>TOTAL</b>	<b>Rs. 2,92,100/-</b>

\*The present rate of GST is @18% (with effect from 01 July, 2017). The Institute reserves the right to collect or reimburse the extra amount of tax by whatever name called from/to the students in case the Government changes the applicable GST.

Dear Tasneem

Thank you for your application to study at the University of Leeds. I am pleased to offer you a place. The details of your offer are as follows:

Course: **MSc Sustainable Cities**  
Year of entry: **2019/20**  
Period of study: **12 Month(s) from 23/09/2019 on a Full Time basis**  
Tuition fee: **The tuition fee for 2019/20 is £20750.00**

The tuition fee stated on your offer letter is based on the information provided in your application to study at the University of Leeds and may be subject to change if, after further assessment, your fee status changes.

Additional costs: **Any additional costs relating to this course, or relating to your time studying at Leeds, will be listed on the relevant course page.**

This offer is subject to you meeting the following conditions:

Providing evidence of completion of your degree with a final grade of First Class or better from the Maulana Abul Kalam Azad University of Technology

Evidence of English language proficiency equivalent to an IELTS (Academic) score of 6.5 with at least 6.0 in all components. You may be able to meet this requirement by studying a pre-session at the University of Leeds Language Centre. Please visit [www.leeds.ac.uk/presessional](http://www.leeds.ac.uk/presessional) for details about our summer pre-sessionals.

#### Accepting your offer

In order to accept this offer of a place you should visit your Applicant Portal at <https://application.leeds.ac.uk>.

#### Important Information

We know that choosing to pursue an postgraduate degree is a big step. To help you through the process please see our detailed guide *Your Offer* which you can view at [www.leeds.ac.uk/postgraduate/offerguide](http://www.leeds.ac.uk/postgraduate/offerguide). In *Your Offer* you will find lots of useful information, including details of accommodation, together with information on facilities and support for postgraduate students.

Organizing Chairman, GATE 2019  
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

$M$  is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

$M_q$  is the qualifying marks for general category candidate in the paper

$\bar{M}_t$  is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$ , is the score assigned to  $M_q$

$S_t = 900$ , is the score assigned to  $\bar{M}_t$

In the GATE 2019 score formula,  $M_q$  is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Organising Institute: Indian Institute of Technology Kharagpur

## General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M<sub>q</sub> is the qualifying marks for general category candidate in the paper

M<sub>t</sub> is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

S<sub>q</sub> = 350, is the score assigned to M<sub>q</sub>

S<sub>t</sub> = 900, is the score assigned to M<sub>t</sub>

In the GATE 2022 score formula, M<sub>q</sub> is 25 marks (out of 100) or  $\mu + \sigma$ , whichever is greater. Here  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Geology and Geophysics (GG) Humanities and Social Sciences (XH)	Separate score and ranking provided based on selection of optional section
Architecture and Planning (AR) Geomatics Engineering (GE) Engineering Sciences (XE) Life Sciences (XL)	NO Separate score and ranking provided based on selection of optional section

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.
