M.ARCH

Urban Development (2 Years)
20 SEAT

OmDayal College of Architecture, West Bengal's top architecture school, was founded in 2012 as the state's first private architecture school. Since its founding, OmDayal College of Architecture has worked to advance the development of a sustainable environment and expand the scope of architectural education beyond the domains of structures.

Since 2017, eight batches of students have graduated. Several architectural companies in India provided professional training to the current final year batch as part of the curriculum.
